A. F. L. Asks Workers to Aid Shopmen

NEW APPEAL IS SENT OUT BY COUNCIL

Strikers Urged to Conduct Selves in Law Abiding Manner.

Washington, July 19.—An appeal was issued today by the executive council of the American Federation of Labor to "all workers everywhere to support the railroad workers in their efforts to secure a just settlement of the railroad shops dispute."

The appeal, which was issued by unanimous vote of the executive council and over the signatures of all members of the council, including Samuel Gompers, federation president, has been forwarded to every labor organization in the United States, to every labor publication and to all organizers of the federation, it was announced at federation headquarters.

Organized labor is asked specifically in the appeal to refrain from doing any work formerly done by men now on strike, while the workers on strike are urged to conduct themselves in a law abiding manner.

The text of the appeal, as signed by members of the executive council follows:

"We call upon the working people everywhere and upon all Americans who love justice, to sustain the cause of the railroad workers who have ceased work as their only remaining method of protest against an injustice which has ever sought to impose."

"No workman, whether a member of a union, or not, will, if he is possessed of true American manhood, engage in any work formerly done by men now on strike."

"No man now on strike will, if he is true to the cause, conduct himself in any but a law-abiding manner."

"The cause for which the workers are contending is worthy of every just and proper effort that can be put forth in its behalf."

"Let there be a determination and solidarity which shall at the"

HITCHCOCK AND HOWELL WIN IN NEBRASKA RACE

G. O. P. Results Indicate a Progressive Sweep.

Omaha, Neb., July 19.—(By the Associated Press.)—Senator Gilbert M. Hitchcock, and R. B. Howell, Republican national committeeman, were nominated at yesterday's state-wide primaries as Democratic and Republican candidates, respectively, for United States senator.

Senator Hitchcock's victory was sweeping, the combined vote of his two opponents, on the face of returns from approximately one-third of the state being about half that cast for the incumbent senator. Tabulation of votes from 678 of the 1,913 precincts in the state shows Senator Hitchcock 20,468 as against 6,757 for J. O. Shroyer, his nearest opponent.

Howell's lead over Congressman Albert W. Jeffers, of Omaha, and Attorney General Clarence A. Davis, while safe, was by no means commanding. He showed a margin of more than 5,000 votes in tabulations of returns from 718 precincts, with Davis and Jeffers fluctuating between second and third place in the race and three other candidates hopelessly out-distanced. The vote stood:

How They Stand.
Howell—17,513.
Jeffers—11,851.
Davis—11,479.

The vote represented 80 of the state's 93 counties. Leading candidates on the Republican and Democratic tickets for the gubernatorial nomination awoke today not knowing whether to accept congratulation on their nomination or condolences for their defeat. In both of these races, the leaders held their places by such slender margins that additional returns might at any time wipe out their advantage.

The Hague, Holland, July 19.—(By the Associated Press.)—New proposals in connection with compensation for confiscated property and payment of the Russian debt were advanced by the Russian delegation at a meeting today with the entire non-Russian commission of the conference on Russian affairs here.

Howell's lead over Congressman Albert W. Jeffers, of Omaha, and Attorney General Clarence A. Davis, while safe, was by no means commanding. He showed a margin of more than 5,000 votes in tabulations of returns from 718 precincts, with Davis and Jeffers fluctuating between second and third place in the race and three other candidates hopelessly out-distanced. BUTLER LEAD IS CUT BY C. BRYAN

Brother of "Commoner" Stands Chance to Win Nebraska Gubernatorial Nomination.

Omaha, Neb., July 19.—(By the Associated Press.)—Charles W. Bryan, of Lincoln, Democratic candidate for gubernatorial nomination in yesterday's primaries and brother of William Jennings Bryan, was cutting the lead of his opponent, Dan B. Butler, of Omaha, as returns came in this afternoon. In 969 precincts, Butler had 17,969, and Bryan 16,437 by unofficial count. These returns included practically all of Douglas county (Omaha) in which Butler was expected to poll a heavy vote, but did not include about half of the out-state precincts, where Bryan showed strength.

Charles H. Randall, of Randolph, unofficial returns showed, had 30,476, compared to 29,739 for Adam McMullen, for the Republican gubernatorial nomination, with 1,089 precincts reported.

SANTA FE GETS AN INJUNCTION

Chicago, July 19.—Judge George T. Page today issued a temporary injunction restraining striking railroad shopmen from picketing the property of the Atchison, Topeka & Santa Fe railroad.

STATE READY FOR TRIAL OF MRS. PHILLIPS

'Hammer Slayer' Is Called Not 'Legally Insane.'

Los Angeles, Cal., July 19.—The plea to be made tomorrow by Mrs. Clara Phillips to the indictment charging her with the murder of Mrs. Alberta Meadows, 20-year-old widow, was expected to consume much of the attention of her counsel today.

While W. C. Doran, chief deputy district attorney, said the state was practically ready now for the trial—yet to be set—the defense gave no indication of any such degree of preparedness. Although the statement previously was made that insanity, either permanent or temporary, would be advanced as the defense of the 23-year-old wife charged with the crime, the latest word from her attorneys was that no examination of her mental condition had yet been made on their behalf.

The state, however, has had Mrs. Phillips examined by an alienist, who reported that she was "not legally insane."

Friendly With Madalynne.
Mrs. Phillips is said to have become intimate with Mrs. Madalynne Obernauer, now on trial for the second time for the murder of a sweetheart, J. Belton Kennedy, and whose cell adjoins that of the alleged slayer of Mrs. Meadows.

"They pass most of their time together," another woman prisoner said. "They talk and read to each other. They read the newspaper stories of proceedings in Mrs. Phillips' case together. Mrs. Phillips smiles most of the time and laughs often. Everybody likes Mrs. Phillips. She said she thought she would be happy in jail because everybody was so jolly and happy there."

American Wife Tires of Job, Take it From Quiz Conducted By National Woman's Party

BY BURTON LEE.
(Consolidated Press Correspondent)
(Copyright, 1922, by The Argus.)

Washington, D. C., July 19.—More home-makers seem tired of their jobs than women in any other profession, according to a questionnaire conducted by the National Women's party count for anything. Home—the haven of rest for the world-weary male, according to the poets—is a seat of unrest for the female of the species if these replies prove anything. The poets rave about the happy fireside and the women rave most particularly about the modern husbands who take charge of the family pocketbook giving their wives little or no cash to spend.

Slavery—that is the keynote of most of the home-makers' answers. Idealists may rave about domestic bliss, but all of the comforts of home in which the male indulges are created at the expense of domesticated slaves, a lot of wives would have the world understand.

It isn't only in the home that discriminations against women have been found by the National Women's party but in most of the professions. The questionnaire was sent to women who are actresses, architects, artists, business women, dentists, government workers, journalists, lawyers, librarians, musicians, nurses, osteopaths, ministers, physicians, singers, social workers, scientists, teachers, wage earners and women writers.

And the replies have revealed that it isn't only the husbands who are selfish. One woman, styling herself an "executive secretary in politics," replies claiming that the men in her particular party discriminate against the women in a financial way.

"The men keep most of the funds," she says.
"Won't Trust Judgment."

CHANCE FOR MINE TIEUP END IS GONE

Operators Think They Can Break Strike; Unions Scoff.

BY DAVID LAWRENCE.
(Copyright, 1922, by The Argus.)

Washington, D. C., July 19.—All hope of an immediate ending of the coal strike has vanished today. A. M. Ogle, head of the National Coal association, has left Washington and President Harding, while cognizant of the various informal overtures which have emanated from the miners is not yet determined upon any peace move.

The operators believe that with the help of the government they can break the strike and deal unionism a body blow. Until they are convinced of the accuracy or inaccuracy of their predictions nothing tangible can be expected in the way of peace negotiations.

Just as confident as the operators have been that if troops were to protect strike-breakers, the mines could be operated, are the union officials that not enough coal will be mined to avert a dangerous crisis for the nation next winter.

In support of the miners' contentions news has already come from Indiana and Illinois that state laws will prevent the opening of the mines on a big scale. Workmen have to be licensed before they can work in mines. This measure was originally taken to safeguard the health of employees and to insure the safety of those already working in the mines. State boards consisting mostly of union men, must issue the licenses and in some cases a continued residence in the state is required.

In the face of this situation little hope is entertained that Indiana and Illinois can mine much coal.

Hudegens, the third union man to die, expired on July 13.

Wellsburg, W. Va., July 19.—Two men with a wagon appeared late yesterday at Cliftonville, scene of the Clifton mine battle of Monday morning, took down all the tents of the miners' colony and drove away. The pair were said to be union officials.

The miners and their families who lived at the colony have disappeared. Residents said they had gone to other mining villages, and some had crossed the state line into Pennsylvania.

Prisoners now confined in Ohio and Brooke county jails as a result of the roundup by state police and deputies on both sides of the border total forty-eight, a dozen arrests having been made yesterday. They were on warrants charging murder.

Circuit Judge J. B. Sommerville, of Wheeling has issued an order directing that a special grand jury be convened in the circuit court of Brooke county on August 14, to investigate the killing of Sheriff H. H. Duwall and three other men who fell in the mine fight.

U. S. MARSHALS TAKE 4 MEN AT AURORA, ILL.

Charge Is Violating Injunction Against Picketing.

Aurora, Ill., July 19.—Four striking shop men were arrested here by two United States deputy marshals last night and lodged in the city jail on a charge of violating an injunction issued by Federal Judge Carpenter forbidding illegal picketing or intimidation of Burlington railroad shop employees. Today the four who were arrested, Joseph Lawrence, Albert Sherman, Theodore Elsty and Valentine Oakwood, were taken to Chicago to be arraigned before Judge Carpenter.

According to the report of the case made by the police, the men who were arrested were walking in a group near the corner of Lincoln avenue and New York street, about two blocks from the Burlington railroad shops. They hailed two men who proved to be the deputy marshals, asking "Who are you?"

The deputy marshals' reply was, "Who are you?"

"Pickets," the shopmen replied, and their arrest followed. The arrests were the first made here since the strike began July 1, and has excited the shop men greatly. Their leader, Ernest George, had admonished pickets not to resort to force or threats of any kind and to keep moving and to refrain from addressing men going to or from work.

The men who were arrested told George that they had mistaken the deputy marshals for acquaintances.

Charge Kidnaping, Too.
Railroad officials said that the four men who were arrested had participated in a kidnaping of five employees of the railroad, three of them railroad guards. Three of the kidnaped men were taken into the country in an automobile and told to "beat it." The other two were taken to strike headquarters and roughly handled and one promised not to return to work but later told O. H. Abbott, special agent of the railroad of the kidnaping and threats and identified the men who were arrested, according to the report made by the police.

All of the five who were kidnaped have since returned to work for the railroad, it is stated.

Threats and obscene language has been directed at men in the shops continuously, the railroad officials contend, in violation of the injunction.

'NO POSSIBILITY' OF RESUMING PRODUCTION UNDER HARDING'S PLAN

Acting Governor Sterling Withholds All Action Pending a Conference With State Miners' Head Farrington.

West Frankfort, Ill., July 19.—(By the Associated Press.)—Coal operators in Franklin county, the largest coal producing county in Illinois, today stated there was "absolutely no possibility" of resuming coal production under President Harding's plan. Franklin county is said to be the largest coal producing area of its size in the United States.

NORTH CAROLINA GOVERNOR'S VIEW

Raleigh, N. C., July 19.—"Your position is practically to use the power of the government against the strikers," Governor Morrison said today in a telegram replying to President Harding's message on reopening the coal mines, "and in the enforcement of police regulations and the upholding of the law the strikers will naturally have little confidence in the impartiality, in the fairness of soldiers or other agencies of force directed by a government which has taken a decided stand against them, however good the reason for such a stand may be."

The North Carolina governor declared it would be vain for him to invite coal miners to return to work in his state, and that he "would not do so any way."

He added that he considered the whole policy of national or state intervention in labor disputes unwise.

PASTOR TELLS WHY SUICIDES PICK TUESDAY

Always Choose Third Day of Week After Middy.

BY JANE COMPTON.
(Copyright, 1922, by The Argus.)

New York, July 19.—It is a glorious summer day, especially between noon and 1 o'clock. By the same token the day and the hour are the harvest time for suicide.

If you are depressed and German, your temptation is greatest. If you are depressed and Irish, your temptation is least. But if you are depressed, regardless of nationality, the temptation toward suicide is strongest on Tuesday in summer between noon and 1 o'clock, especially if the weather is clear.

This is one of the psychological links of self-destruction noted by Rev. Harry M. Warren of this city, founder and president of the Save-a-Life League. Mr. Warren annually meets many men and women who have decided on self-murder. His brownstone front home, off Central park has been visited and is daily visited, by men and women who are tired of existence but who have accepted his invitation to drop in and talk it over. Sometimes there have been 20 desperate clients in a day. Letters, piteous or defiant, phone calls, "I can't fight it any longer . . ." all combine to make up his day.

20,000 Suicides Yearly.
His services always are in readiness. He boasts that he has been universally successful in talking his patients out of their pessimistic moods. In round numbers, he said today, some 20,000 persons kill themselves annually. The human personality and the motive behind the act now are being thoroughly analyzed by the doctor and his assistants.

"Why on Tuesday and in the summer?" He replied today. "Well, as for the hour, I presume it has lots to do with the failure to locate the noon meal. The Tuesday is because many people postponed their rash act over Sunday in the vain hope of finding a Monday job. They fail and by Tuesday they realize that another week of unsuccessful job-hunting is staring them in the face."

"But the summer time and the"

GEORGIA PASTOR IS THREATENED BY MOONSHINERS

Rome, Ga., July 19.—Rev. Robert Stewart, Methodist preacher of the Armuchee circuit, has been threatened with death because of his activities against "moonshiners" in the North Georgia mountains. A note of warning, found tacked to the parsonage wall, reads:

"We have had enough reporting of stills in this settlement. We will give you one week to get away. If you don't, someone will have to take care of your wife and children."

Stewart turned the note over to prohibition officers and announced his intention to continue the crusade.

"I know how to handle a gun and will not hesitate to use one if occasion demands," he said. The minister is said to have uncovered 39 stills within three months.
